

5DV152/VT15: Lab 5

TODO[Your Name] (TODO[Your Personnumber])

TODO[Submission Date]

1 Study technique

- Describe how you studied the article.
- Described your participation in the seminar.

2 Explanation of Steps P1-P3

- Explain Steps P1-P3 using your own words.
- Include a small but not trivial example.

3 The three phases of the parallelized join

- Informally explain the three phases of the parallelized join using your own words.
- Try to explain the motivation behind each phase.

4 The bandwidth-oblivious sort

- Explain the bandwidth-oblivious sort algorithm using your own words.
- Include an illustration that captures the essence of the algorithm.

5 Reflection

- Reflect on your learning experience in this lab.
- What was it like to study the article in depth? What was the main challenge for you?
- How did your participation in the seminar affect your understanding of the article?
- What did you learn while writing this report?
